United States Gypsum Co.
Sigurd, Utah 84657

Dear Mr. Jennings

Re: Reclamation Bond, M/041/008, Jumbo - Jensen Quarry, Sevier
County, Utah

Attached is the reclamation bond estimate for the Jumbo-Jensen Quarries. The total reclamation cost is estimated to be \$216,700 for a five year bond period. The bond amount should be submitted to the Division no later than May 1, 1988. A newly approved bonding policy and the necessary bonding forms are enclosed.

I was happy to hear that you have started to reclaim some of the older mined out areas this last fall. I recommend that you keep us informed of your progress as you reclaim additional areas in the future. We would be happy to assist you in evaluating the success of various reclamation techniques and we will reduce the total bond amount as areas are successfully reclaimed.

Please contact me or Frank Filas of my staff if you have any questions or need additional information.

Sincerely,

Lowell Braxton, Administrator
Mineral Resource Development
and Reclamation Program
